QUALITY AND COMPETENCE

Mediplast[®] Disposable ENT-products

Mediplast's new Disposable suction devices offer quickly setup, easy to use and value priced products. The Disposable suction devices are specially angled to enable unobstructed view through the microscope. Swift connector system allows quick change of the Disposable suction devices during examination and surgery.

High quality and competence form the foundation for our success. We are certified according to ISO 9001:2000 and the ISO 13485:2001 certification. We are also FDA registered since 2002.
